New athletic director announced

Academy Superintendent Vice Adm. John Ryan announced Tuesday that Chet Gladchuk has been named the 28th Director of Athletics at the Naval Academy. Gladchuk replaces Jack Lengyel, who is retiring effective Oct. 1.

"We're delighted to welcome Chet Gladchuk to the United States Naval Academy's leadership team as our Director of Athletics," said Ryan. "Chet is a proven leader in the field of intercollegiate athletics and a man of unquestioned personal integrity. He brings tremendous experience, energy and vision to the job

and will make invaluable contributions to the moral, mental and physical development of the Brigade of Midshipmen. On behalf of the entire Naval Academy family, I am delighted to welcome Chet, his wife Kathy, and their family to Annapolis."

"It is an honor and privilege to assume leadership as the Director of Athletics at the Naval Academy," said Gladchuk. "I enthusiastically accept the challenge of further developing an intercollegiate program where the mission is to complement the mind and spirit of those students who will become our nation's future leaders. Our goals include not only competitive success on the fields of play, but also incorporate a vision where excellence is measured by our collected ability to heighten the pride and commitment our alumni and

friends have toward the nation's leading military institution of higher learning. Continuing Jack Lengyel's legacy of advancing our programs with honor, dedication and integrity remains the first order of business."

"I want to congratulate Vice Adm. Ryan and his committee for completing this search and hiring a new athletic director in record time," said Bob Beaudine, whose executive search firm helped the academy conduct a national search for a new athletic director.

"Navy conducted the most precise and professionally-executed search I have been associated with in over 20 years in the executive search business."

Gladchuk comes to the Naval Academy from the University of Houston where he had been the director of athletics since 1997. Recognized as one of the nation's top leaders in intercollegiate athletics management, Gladchuk guided the Cougars to 19 Conference USA Championships and made significant strides in the academic success of their student-athletes, gender equity and fiscal management.
